## “STOLEN GROUND”

Stolen Ground puts a human face on the lingering effects of racism and a rare view of Asian-American men addressing racism's impacts. Stolen Ground is an award winning film about 6 Asian-American men who meet over dinner and share their experiences and perspectives of racism and what it has taken from their generation. During dinner, and in their reflections afterwards, a seldom- seen portrait of the so-called "model minority's" pain, anger, and anguish is revealed. —a Film by Lee Mun Wah.
